## Police Dept Unionizes

Antioch's Police Dept. is now officially unionized. At the village board meeting on Monday, the board signed a three-year contract with the Fraternal Order of Police which established the union in Antioch and gave an across the board 5 percent salary raise to all members of the police department.

In another move, the board also approved a 5 percent salary raise for all the other employees of the village.

The fire safety building will be getting needed repairs now that the board has accepted the bid of \$13,410 from Northern Door Co. for the repair of nine doors at the fire safety building (four for the rescue squad and five for the fire department), and the bid on a new steel door and another bid for roof repair for \$500 from D&S Roofing.

The board also renewed the cleaning service contract for the fire safety building with Mars Cleaning Service, despite the slight increase in charges.

Because of the Labor Day holiday, there will be three board meetings in August and the two in September will have a date change. The third August meeting will take place on Monday, Aug. 31, at 7:30 p.m. September's meeting will be held at the regular time on Mondays, Sept. 14 and 28.

In other business, the board:

- accepted the resignation of Patrolman James Blackwood and dispatcher, Pat Germain. Community service officer, Dave Walsh will take the patrolman slot over and the board is looking into hiring a replacement for Germain.

- passed two ordinances, one changing the assessment procedure of the building permits, establishing a slight increase in charges, and the other ordinance changes the number of members on the plan board from 10 to seven with terms to be staggered. The mayor will appoint new members of the plan commission at the next board meeting.

## Driver Kills Girl In Antioch

Angela Campbell, 14, of Round Lake Beach, was killed last Friday evening when she was struck by a hit-and-run driver as she was walking along Grass Lake Rd. in rural Antioch.

Campbell was pronounced dead at St. Therese Medical Center in Waukegan at 12:15 a.m. Saturday, just 55 minutes after the accident.

# Antioch Man Missing After Boating Crash

by GLORIA DAVIS

Although they seldom went out on Lake Marie on weekends because of the busy Chain, Saturday was an extraordinarily hot night and Craig and Debbie Campbell decided to take a cool ride on their pontoon boat.

Sometime between 9 and 9:30 p.m., a power boat driven by Tom Palm, 24, Antioch, roared into and over the Campbell's pontoon boat. Debbie was pinned by the metal of the boat and Craig simply disappeared.

It is presumed that he was thrown from the badly damaged boat and drowned in the waters of Lake Marie. At press time 60 divers from Lake and Kenosha Counties had been diving for three days but Campbell's body was still not recovered.

Neighbors and friends of the Campbells, that were not at their house comforting the wife who only suffered minor injuries and the twin teenage boys, stand on the shore and watch the diving boats from Grayslake, Fox Lake, Antioch, Lake Villa, McHenry County, Salem, and Silver Lake Wis. and the Lake County Sheriff's Dept.

They talk about the loss to the community Campbell's death brings. "He was so active and friendly, ready to do anything for anybody," they say. Campbell was very busy with Boy Scouts.

"You know they always took other people out on their boat, this time it was a good thing they didn't," said one neighbor.

The water patrol of the Lake County Sheriff's Dept. under Chief Robert Trinski is still investigating the accident. They are waiting on the results of a blood alcohol test taken by Palm and also to find out at what speed his boat was traveling when it struck the Campbell boat.

Palm and his three passengers were all treated for minor injuries. The passengers were William Rentner, 24, Antioch, Wendy Sadt, 23, Garden Prairie, Ill. and Kelly Horsch, 24, Trevor.

Many of the neighbors that are keeping the recovery watch, say that the fact that the Antioch Fire Dept. and the sheriff's department refused to close the channels leading to the lake the day after the accident (Sunday) and all the normal weekend lake activity took place, is probably a reason the body has still not been recovered.

"We offered to use our boats to do so, but they wouldn't do it," said one neighbor. Wayne Parthun, assistant Antioch fire chief, said that this would be done in only a case of extreme emergency. He added that the offer of the neighbors' boats came shortly before the divers were ready to quit on Sunday.

The most unusual part of the diving action is the use of a bloodhound, Nosey Britches, who goes on the diving boats.

Sgt. Steve Townsend of the sheriff's department trained Nosey to sniff-out the affluent gases given off by a dead body. Nosey was used in the water in search of Campbell's body.

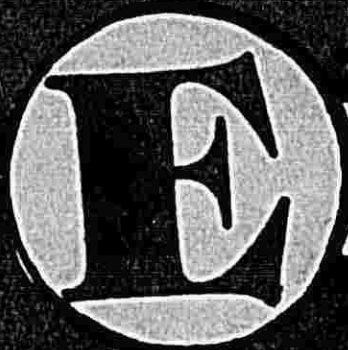

Besides all the emergency vehicles, a Salvation Army Canteen stationed in Antioch was on the scene carrying refreshments to the divers.

# Heat Doesn't Damage Lions, Rescue Event

by CAROLYN HAMMOND  
(312)395-6081

The heat didn't seem to be a controlling factor on Sunday at the Antioch Lions Club's Farmer's Picnic and Rescue Squad Auction. "We were delighted the day turned out so well, considering the weather," said Lion Club President Donald Skidmore.

Thanks in part to the Lion's Pavilion and a slight

of summer. Can't imagine that anyone will mind this year. Do you suppose we'll have a bad winter, too?

School registration will be here before we know it. Heard that Antioch has the earliest school registrations in the county. Do we know something that the others don't? Or is it just anticipation?

Speaking of registrations, Antioch Viking football will

said, "The weather in London was lousy-wet and chilly, but Scotland was warm and beautiful." (Oh, send us some of that London chill!)

Even though PM&L's 26th season is at its end, the 27th is almost here. "Music Man," directed by Donna Badke, will open Sept. 18.

Antioch Youth Baseball is officially over for the season, except for a boys' senior league 14-year-old team still in tournament play at Wonder Lake. The Antioch-hosted 10- and 11-year-old tournaments are over after a week of play. McHenry won the championship, winning three games in sweltering heat on Saturday, Aug. 1.

Antioch's All-Star junior girls' softball team's hopes for state tournament play ended when Elgin National beat them in their second game 7-4.

## 13 Earn U Of I Honors

Thirteen area students have earned a place on the Dean's List at the University of Illinois Champaign-Urbana for the spring 1987 semester.

Urime Hasani of Fox Lake; Suzanne Capaul, Keith MacDonald, Maggie Nguyen, Quan Nguyen, Russell Nygaard, Kikimo Suzue, and David Wolfe, Grayslake; Stacey Butt, Larry Cain, Frances Chaloupka, and Chris Velkover, Gurnee; and Daniel Krueger of Hawthorn Woods all placed in the top 20 percent of their college class.

PM&L President Aileen Biel says, "It's a great show! It came out in 1962 and is an early, different type of Neil Simon. . . not so sophisticated."

According to Biel, maintenance work continues on the inside of the building with tree-cutting and regrading in the rear of the building, plus tuck-pointing on the entire outside structure to be started soon.

Biel was able to escape our hot spell this summer, having just returned from three-and-a-half weeks in England and Scotland. She

## Notes & News

breeze that blew occasionally, the event drew steady streams of hungry patrons. Co-chairmen John Wolf and Ken Graesser's organizing efforts made sure there were no long waiting lines.

According to Skidmore, "We had a good day serving over 2,400 chicken dinners thanks to the excellent help of our members and the Antioch Junior Women's Club. I thank the public once again for coming out and supporting us."

The Rescue Squad Auction also went well, in spite of the heat with so many people staying for the whole afternoon's proceedings. Chairman Tim Osmond organized the auction a bit differently this year by assigning the smaller items to a Treasure Corner conducted by the Junior Women's Club.

This enabled the auction of the larger items to proceed at a faster rate. Rescue Squad Chief Dave Heath concluded, "Everybody had a good time even though it was so hot!"

Now that this summer's milestone has passed, it really is downhill to the end

## Grass Lake Registration Will Run From Aug. 13-17

Grass Lake School Dist. 36's registration dates are: Thursday, Aug. 13, from 8 a.m. to 3 p.m.; Friday, Aug. 14, from 8 a.m. to 3 p.m.; and Monday, Aug. 17, from 8 a.m. to 8 p.m.

All students (including 87-88 kindergartners who were tested during the "Round-Up" in April) must be registered at this time.

Student fees are: kindergarten, \$12; grades one-fifth, \$20; and grades sixth-eighth, \$22.

The instructional swimming fees will be, for grades first, second, and third, \$11, and grades fourth and fifth, \$5.50.

Student lunch fees are: 20 day lunch tickets may be purchased for \$20 and 40 day lunch tickets may be purchased for \$40.

Free and reduced lunch applications are being sent to all homes with a letter to parents and guardians. Applicants should answer all questions and return the forms to the school as soon as possible.

Any prospective kindergarten students for the 87-88 school year, who were not tested in April, will be tested on Tuesday, Aug. 18. Call the school office at (312) 395-1550 for an appointment.

As far as sports and/or cheerleading are concerned, for the convenience of school parents, physicals will be given at school on Monday, Aug. 17, at 3:30 p.m. on a first come/first served basis.

The cost per student will be \$10. Parents of junior high students need not be present. (No immunizations will be given.)

## School Bells Will Ring At ACHS

Antioch Community High School registration is set for Tuesday, Aug. 18, for freshmen; Wednesday, Aug. 19 for sophomores; Thursday, Aug. 20 for juniors; and Friday, Aug. 21 for seniors.

At registration, students are required to pay fees, pick up class schedules and have identification pictures taken. Freshmen, sophomores and juniors will have underclass pictures taken.

The general school fee is \$30. Fee for freshmen and new students is \$35, which covers book rental, physical education towels, and student identification photos.

Registration is only for students who have enrolled. Other students are required to select courses and register before the registration dates.

The first full day for all students is Wednesday, Aug. 26. Freshmen will begin on Tuesday, Aug. 25, from 8 to 10:40 a.m.

## Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone number. The editor reserves the right to condense all letters.

## Durell In New Curriculum

Thomas Durell of Antioch has accepted an offer of admission from Gustavus Adolphus College and will enroll as a freshman at the college this fall.

Gustavus Adolphus College is a private liberal arts college located in St. Peter, Minn., and affiliated with the Evangelical Lutheran Church in America.

Thomas, a 1987 graduate of Antioch High School, will be enrolled under the college's newly-revised curriculum, which has attracted widespread attention for its approach to integrating the liberal arts disciplines.

## Wolff On Dean's

Rebecca M. Wolff of 2301 E. Greenbriar Ln., Lindenhurst, earned ranking to the spring semester dean's list in the college of arts and sciences at Marquette University.

Freshmen, sophomores, juniors and seniors must attain a semester grade point average of 3.8, 3.6, 3.5 and 3.4, respectively, to qualify.

# All Systems Go On Motel At Rtes. 173-83

Dupre Enterprises has begun preliminary site grading for its 125-unit motel located at the intersection of Rte. 173 and 83 in Antioch.

The motel is being built on a 3.86-acre location immediately across from Lake Antioch and adjacent to property recently sold to Horizon Development by Dupre Enterprises for the construction of Towne Center Shopping Plaza.

Phase One construction of the motel proper is planned to commence within the next two weeks upon completion of site grading and utility work.

Phase One of the motel will contain slightly over 36,000 square feet with a three-story room unit and single story common area.

The initial three-story building will contain a total of 68 room units comprised of 23 executive suite rooms, 44 regular rooms, and a master "honeymoon" suite.

The suite units will be provided with a separate sitting area furnished with fold-out couch, wet bar and refrigerator. Sleeping areas will contain a king-size bed and makeup area.

Regular room units will be furnished with either king or two queen size beds and appropriate complimentary furnishings.

The one-story common area of the motel will contain the lobby registration area, a breakfast "morning and leisure" room, and a 50-person cocktail lounge with a butler's kitchen for party food preparation.

In addition this area will house two meeting rooms. The dual purpose large meeting room will provide theatre seating

for meetings of 50 to 60 people and opens to the cocktail lounge area for reception uses.

A smaller "board room" for conferences and meetings of 10 to 20 people will be furnished with video recording presentation equipment.

The Morning Room will seat 30-plus people for complimentary guest breakfast and will double as a guest lounge when the cocktail area is used for private functions.

Phase Two of the motel will provide another room wing containing 57 room/suite units, a full-service restaurant, and pool.

Jack Dupre stated, "I am pleased to be able to finally announce the start of this project. It has been slightly over one year in the planning and negotiation stages with lenders. The Antioch community has supported us strongly, and I know is looking forward to our inn and its facilities. I feel we have designed a first-class property."

"We will be associating with Quality International-Comfort Inns' chain, who I know will strongly promote our Antioch area," he added.

Financing for the project is being provided by the Zion State Bank as primary lender, and the State Bank of Antioch as secondary lender.

Architects for the project are Robert Drews and Associates of Oakbrook Terrace. Project manager and vice president of Dupre Enterprises is Dave Bushing.

A formal groundbreaking ceremony for the motel was expected to take place on Aug. 4, and a January 1988 completion date is contemplated.

## Lung Benefit Cyclists Pedal Through Town

Everyone should hopefully have looked both ways before they crossed the street Sunday as 500 bicyclists pedaled by on the way to Antioch's Camp Moyoka.

As a fundraising effort benefiting the American Lung Assn., BAMMI (Bicycle Across the Magnificent Miles of Illinois), is the largest bicycle tour of its kind in the mid-west.

Co-sponsored by the Illinois Credit Union League for the sixth consecutive year, along with Chicago Lung Assn., the Illinois Governor's Council on Health and Physical Fitness and WFYR Radio, BAMMI began in Chicago on Aug. 2, traveling through Antioch, Rockford, Mt. Carroll, Moline, Galesburg and Nauvoo, and will end in Quincy Aug. 8.

During the week-long, 450-mile journey, cyclists will be raising pledges for each mile completed. All funds are contributed to the lung association's research to find the cause of and cure for lung disease.

BAMMI area chairmen Ron Carlson and

Gil Thornborough are enthusiastic about BAMMI's arrival in Antioch.

"BAMMI gave us the opportunity to greet the cyclists with a warm welcome, showcasing northern Illinois' hospitality," commented Carlson.

As area chairmen, Carlson and Thornborough coordinate the overnight stay at Camp Moyoka, meals, evening entertainment and all the details that went along with hosting 500 bicyclists.

"Although it hasn't been an easy task, we enjoyed the chance to organize a memorable stay for the bicyclists, while contributing to a very worthwhile cause," stated Thornborough.

For more information regarding BAMMI, contact Carlson of the Lake County Postal Credit Union at (312) 623-9717, Gil Thornborough of the Highland Park Employees Federal Credit Union at (312) 432-0800 or the Illinois Credit Union League office at 1-800-942-7124.

## Church Film To Tell Story Of Convict

"Twice Pardoned," a film produced by Focus on the Family, will be shown at 6 p.m. on Sunday, Aug. 2, at the Chain of Lakes Community Bible Church in Antioch. The film is the fourth in the church's summer "Eight Outstanding Sunday Nights" series.

The film is about Harold Morris, who as a high school student got involved with the wrong crowd. Peer pressure moved him from athletic prominence to alcohol and drugs.

In 1970, Morris was falsely charged for armed robbery and murder. He was given two life sentences and landed a spot on death row. His new home was the Georgia State Penitentiary.

In the film, Morris gives a graphic account of the road that landed him in prison, as well as the challenge of prison life, with all its insanity, suicide, homosexuality, drug traffic and brutality.

It was during his time behind bars that someone shared a message of hope with Morris. He learned that there is a God who loves him, and who has provided an eternal pardon for the sins of men in Jesus Christ.

Morris embraced this good news. And in his new-found freedom, while serving out his sentence, he began speaking to young people around his state town not to follow the same road that he did. Morris shows how little mistakes as a young person can have major consequences.

Morris was eventually pardoned a second time in 1981, when it was discovered that he had been wrongly sentenced.

The Chain of Lakes Community Bible Church currently meets in the Antioch VFW Hall, on North Ave. just east of Rte. 83. For more information, call the church's pastor, Don Sweeting, at (312)395-7573.

## Antioch GOP To Meet To Discuss New Jail

The Antioch Republican Club will present a program on the new Lake County jail on Wednesday, Aug. 19, at 7:30 p.m.

This program will be open to the public and will be held at the Antioch Twp. Hall on Rte. 173 in Antioch.

The continued crowding of the present jail, contract celling at the DuPage County jail, and the forced early release of many offenders, were some of the key issues in the Lake County Board's determining that the time had come for a new county jail that

would be in full compliance with the federal and state court directories.

The new jail is designed for "popular/direct" supervision which is a fairly late innovative correctional approach for county jails and federal correctional facilities throughout the U.S.A.

The planned jail will cost \$28 million and should be completed in 1988.

This will be an interesting and informative program to anyone living in Lake County. Refreshments will be served.

## Third Airport Already Exists

A question that continues to both intrigue and perplex political and civic leaders is whether the Chicago area needs a third major airport. Suburbanites have a stake in the question: We are heavy users of O'Hare International and are learning the benefits of Midway Airport even though it takes more than an hour to reach by car, the drive usually being in heavy traffic. Unfortunately, we don't have much to say about how O'Hare and Midway are managed or how the airports will be expanded to serve the ever-growing air traffic.

Consultants conflict on what is needed. Right now Chicago aviation officials are grappling with one study that says a third airport is unnecessary and another that says O'Hare and Midway will be at capacity by the year 2020. Over the years it has been amusing how the ideal spot for a third major airport has "moved" from such places as Chicago's lakefront to Gary, Ind., to the Joliet vicinity and the current popular choice, rural Kane County, probably somewhere west of Elgin. There is one mind-boggling aspect to the third airport theory—approximately 40,000 acres are considered necessary for a major metropolitan airport.

A third major airport would be so expensive to build that not even the City of Chicago could muster the necessary financial muscle, meaning that some kind of state

authority would have to be created to marshal a flow of tax money and bonds.

The enormity of cost along with the difficulty of finding sufficient open space are viewed in some quarters as tipping the scales against the creation of O'Hare II.

For a growing number of business persons and a fair-sized number of seasoned travelers, a third airport already exists. In Lake County, with nearly a 500,000 population and suburban neighbors in northern Cook, McHenry and Kenosha Counties, Milwaukee's Mitchell Field is not only a third airport, it is truly a second airport and an oft-used second airport at that.

With proper utilization and scheduling, Mitchell Field could siphon off a lot of O'Hare passenger traffic, particularly from the northern suburbs where the drive certainly is easier and not much farther than O'Hare. We're not sure how the good citizens of Milwaukee would deal with increased traffic at Mitchell Field, but the potential certainly is available to handle a number of flights that now use O'Hare. We're aware of more and more Lake Countians using Midway. If the flights were available at Mitchell, without a doubt it would be more convenient to head north than south.

It makes a great deal of sense to take a serious look at how increased utilization of Mitchell Field would suit the metropolitan area's flying needs.

## Short, Short Summer

Now that the county fair is history and the dog days of August are upon us, it's a good idea to take note that summer is waning rapidly. There are only a few more weeks in which to do all the summer things you've wanted to do.

Picnicking. Golfing. A stop at a highway vegetable stand. Water skiing. Taking in a ballgame. Fishing. A nap in the hammock. Eating watermelon. Summer things. Yes, a lot to do and time is short.

Perhaps it's advancing age, but summer

seems shorter every year, even with an old-fashioned summer like 1987 with plenty of heat and dry weather. Summer used to be an endless parade of 90-degree plus days punctuated only by July 4 fireworks, some evening dips at a nearby beach and waiting for dad's vacation. Maybe it's air conditioning that's changed summer, but the season of warmth and outdoor fun seems so short. The footballers will be doing their thing soon and the kids will be getting ready for the new school term. Can't someone make summer last a little longer?

## Letter To The Editor:

### Grateful For Help

Editor:  
On Sunday, July 26, my son, boyfriend and I were boating in Channel Lake. We were having trouble with the engine, and my boyfriend attempted to fix it. Water kept coming in the boat. I saw a boat nearby and yelled for help. We were going under. If it wasn't for these people, whose names we don't know, we probably would have all drowned. We would like to somehow find these people and show them more thanks and gratitude than we did at the time of the accident, as being in shock for a period of time, we feel that thanks just wasn't enough. All we know about the couple is that they just recently bought their boat, had two small boys and a teenage girl with them on their boat. The accident happened between 1:30 and 2:30 on Sunday afternoon.

Besides this couple rescuing us, there were other boaters who also helped us out. The boat had sunk, but due to the help of some fantastic people, we were able to pull it out, drain it and get it back to safety.

We are fairly new at boating and there were many mistakes made that will never be made again. One being that life preservers were not at hand, but under the bow. They should have been on us, or near us.

The sad thing about the whole episode was that the Coast Guard arrived probably an hour afterwards. I was quite upset by that. Here we were out in the middle of Channel Lake, the boat sunk, and if it wasn't for the good-natured boaters, where would we have

been? I realize the Coast Guard can't be everywhere at the same time, but they didn't seem to be in too much of a hurry to come to our rescue.

Later on when we returned to our campers, our neighbors had heard the distress call on the radio, but in my opinion, the Coast Guard made no large effort to get there faster.

We would like to contact these people once again on a more personal basis.

We would like to also say that if it wasn't for the cooperation and assistance from fellow boaters in the Chain O'Lakes, I would not be sitting here typing this letter today. Thanks to everyone involved.

### Yellow Bird Sees Encouragement In Tourism Outlook

by BILL SCHROEDER

Being in the bar business these days is a bummer.

Authority for that observation is Violet "Vi" Johantgen, the colorful proprietress of Vi's Yellow Bird, the polka bastion of the Chain O'Lakes.

Vi's beef is "select enforcement" (our words) of DUI and legal drinking age laws. Vi characterizes her balliwick—the stretch of Rte. 173 from Antioch to the Fox River dotted with neighborhood bars, bait shops and marinas—as a "ghost town for the past five years" because of the crackdown on driving after drinking.

"People are scared stiff. They're afraid that after some fun and some drinks that they'll be stopped by the police on their way home," Johantgen called business rough the past five years.

Don't get the idea that Vi is advocating a lawless frontier atmosphere. She's upset with the inconsistency or double standard in law enforcement where kids get served in town bars and charitable functions while traffic patrolmen prey on customers leaving places like the Yellow Bird, the best polka spot between the Milwaukee-Ashland Ave. area and South Milwaukee. If Vi wasn't a law-abiding citizen she wouldn't have compiled a more than 15-year record of unblemished inspections from the Lake County Health Dept.

Vi is still a legend in neighborhoods around Chicago Ave. and Division St., where she was known as the "Original Polka Bunny" from her days on ethnic television and radio. Her fans in Chicago are planning a public tribute Jan. 31. It's debatable whether Vi is slowing down as a testimonial might suggest. In her own words, though, "I may look 50, but I'm 72."

As evidence of a sharp business eye, Johantgen sees the development of a motel industry in the Chain O'Lakes with quality accommodations for visitors as a healthy sign. She calls the groundbreaking for a new motel in Antioch "great news." There's still plenty of life left in the Yellow Bird.

MAKE PEACE—Supervisor Jerry Beyer of Wauconda Twp. would like to see warring Republican factions in the township bury the hatchet. "It's about time," he exclaims.

Two opposing camps remain from the division over support for county clerk in the 1986 election when Wauconda Republicans split between Village Clerk Venita McConnell and County Board Rep. Donna Mae Litwiler for the GOP nomination.

Evidence of the simmering feud exists with controversy over a party connection with benefit sweetcorn fest being staged Aug. 15 by Precinct Committeeman Howard Bieze. It's non-political with proceeds going to charity.

The sweetcorn squabble is likely a tuneup for Dist. 6 County Board politicking that'll begin after Labor Day.

★★★★★★

NICKNAME—When Capt. Denis R. Weichman, a highly decorated Naval aviator retired after 32 years of active duty, friends showered him with mementoes and

reminders of the past at a farewell party. They even dug up his nickname from student days at Grayslake High School. "Moose." That was probably the one time shipmates tagged a four-striper with a name like that. Weichman got that moniker because he was taller and huskier than any of his fellow students. Weichman now makes his home in Georgia.

REMEMBERING—When word came last week of the death of John Hodge in Colorado, your columnist reflected on the mistaken stereotype that not all Fox Lake mayors in recent times have gotten tangled up with authorities over irregularities in the conduct of their office.

In fact, all but two of the mayors of Fox Lake, including the current village president, Dr. William Dam, have been men of honor and integrity with no taint of scandal touching their office.

John Hodge, 77, served as mayor through appointment and brought an era of good will and high quality of public service to the office. A musician by profession, the late Mr. Hodge was used to being in the public eye. He relished the mayor's ceremonial duties. He and his wife, Kay, never missed a ribbon cutting or a benefit supper during his term in office. Marius "Bossie" Olsen was a law enforcement professional and presided over an era of honesty and no nonsense during his tenure as mayor.

★★★★★★

GATHERING—One of the biggest family reunions in the midwest, a five-day affair bringing together the Leafblads and various subdivisions, was due to begin Thursday, Aug. 3, at Montreal, Wis.

Held every five years, this year's gathering was expected to total 212, nearly double the 141 of 10 years ago and a healthy increase from the 173 in 1982. Family members have taken over every nook and cranny in a skiing resort at White Cap Mountain with some members spilling over into campers, motorhomes and tents.

The family tree began in Waukegan and Warren Twp., expanding after 11 boys and girls began forming families of their own. The local telephone book lists 10 Leafblads. They hail from Waukegan, Grayslake, Gurnee and Warren Twp.

"It's wild, it's crazy," exclaimed Larry Leafblad, probably the best-known member in this locality due to his band leading and master of ceremonies exploits. There are daily banquets and skits plus all sorts of impromptu hijinks. The five-year gap probably is due more for recuperation than planning.

## Alice M. Svejda

age 76, (nee Wienke), a well known Ingleside resident, business woman, and professional musician for the past 69 years, died Tuesday morning, July 28, 1987, at St. Therese Hospital in Waukegan, Illinois.

She was born in Antioch, Illinois on September 29, 1910, the daughter of the late Herman Wienke and Daisy Wienke (nee Kasten). She was united in marriage to Edward Svejda in 1931, and they moved to the Ingleside area where she and her husband owned and operated Ed's Garage on Grand Ave., north of Squaw Creek. They later started the Plymouth and Dodge dealership at that same location until 1945, when they retired from the automobile and garage businesses. She was a charter member of the Fox Lake Com-

munity Church. At the time of her death she was one of the oldest members in the Waukegan Federation Of Musicians Union. She had been a professional musician for 70 years, starting her career when she was 6 years old. She had never taken a music lesson, and had the ability to listen to music and then play it by ear. She was most active in entertaining patients at the Veterans Hospital and at the Winchester House in Libertyville, as well as various American Legion Posts until her failing health forced her to curtail these activities. Alice also acted as our full time organist at the K.K. Hamsher Funeral Home for over 16 years. During this period of service, she missed only 4 services; those of her parents, her brother, and a young niece. We will always remember the great assistance she offered our families and the comfort she brought them through her music.

Survivors include her sister-in-law, Mrs. Ann Wienke of Fox Lake; 4 nieces, Sharon (Dennis) Dewar of Lake Villa, Willa (Patrick) Innis of Fox Lake, Kathy (Bob) Scroggin of Antioch and Julie

Schad of Round Lake; 4 nephews, Edwin "Butch" (Connie) Schad of Lake Villa, Ronald (Barb) Schad of Arizona, William "Bill" (Bonnie) Wienke of Ingleside and Dale (Lura) Schad of Round Lake; 9 great nephews and 12 great nieces; as well as other relatives survive. She was preceded in death by her husband, Edward Svejda, in 1976; 1 brother, William "Bud" Wienke, in 1968; 1 sister, Kathryn Schad, in 1982; and her niece Alice Fay Portalski, in 1973.

Funeral services were conducted a 11 a.m. Saturday, August 1, 1987, at the K.K. HAMSHER FUNERAL HOME, 12 N. Pistakee Lake Rd., Fox Lake (in the Chapel on the Lake), and burial will follow in the Genoa City Cemetery. In lieu of flowers, the family will appreciate memorials for the Fox Lake Fire Department Rescue Squad.

## Ryerson Welcomes YCC's Two Youngest 'Members'

Donald Strenger, president of the Lake County Forest Preserve, announced the arrival of two new residents at the Edward L. Ryerson Conservation Area farm.

Two three-week old Guernsey calves were donated to the Youth Conservation Corps (YCC) Program.

The bull and heifer will benefit the forest preserve in two ways: while growing and maturing, they will be used in the Ryerson Farm Education Program for kids to see and touch; and upon maturity, they will be sold as dairy cattle with all proceeds going toward the YCC Program.

The YCC Program is an eight-week summer program that provides employment for Lake County youth ages 16 to 18. Each summer these youth participate in recreational development, conservation, and maintenance throughout the county's forest preserves. They receive first-aid training and an awareness

and understanding of the natural environment.

Since 1981, the YCC Program has been funded by local businesses, corporations, and private individuals. Nearly every segment of Lake County's population stands to benefit—the youth who receive an invaluable summer employment as well as all the children and adults who can enjoy the recreational areas and restored prairies in the forest preserves.

If you are interested in contributing to this program

or would like more information, contact Randy Hines, YCC program manager at (312) 367-6640.

**Mr. and Mrs. Wayne Koepke Boysen-Koepke**

Tina Boysen, daughter of Bill and Kathy Boysen of Libertyville, and Wayne Koepke, son of Merlen and Karen Koepke of Kenosha, were united in marriage on June 20 at St. Joseph's Church, Libertyville, by Monsignor Koenig.

The bride, wearing her mother's wedding gown, was given away by her parents in the double ring service.

Maid of honor was Tami Boysen, sister of the bride. Bridesmaids were Jeanine Fout, cousin of the bride; Diane Wazny, Sandy Klein, Eileen Prijlaman, Gail Whittier and

Susan Schmidt. The bride's cousin, Jennifer Forster, was flower girl.

Best man was Jim Whittier. Serving as groomsmen were the groom's brothers, Gary and Rodney Koepke; Brian and Willie Boysen, brothers of the bride; Tyler Buccholz and Dan Brewer. Ringbearer was Eric Forster, cousin of the bride.

Ushers were Scott Fout, Mike Ulwelling, Larry Houle, and Rolf Buccholz.

A reception was held at Maravella's in Fox Lake. Afterward, the newlyweds left for a honeymoon in Cancun, Mexico.

The bride is a graduate of Libertyville High School and Iowa State University. She is employed with Tri-Clover, Inc., Kenosha.

The groom is a graduate of Tremper High School and MATC, Milwaukee. He is employed by Graph Pak, Franklin Park.

The couple have made their home in Lindenhurst.

### Sweeting To Paint Pictures At Chains' Bible Church

Dr. George Sweeting, chancellor of the world-renown Moody Bible Institute of Chicago, will speak and paint a six-foot picture Aug. 9 at 6 p.m. at the Chain

of Lakes Bible Church in Antioch. The service will be held at the V.F.W. hall on North Ave. (east of Rte. 83).

Dr. Sweeting served as the sixth president of Moody Bible Institute (MBI) from 1971 to 1987. Formerly he served as the senior pastor of historic Moody Memorial Church in Chicago. A noted author of over 20 books, he has traveled worldwide as an evangelist for over 35 years.

A 1945 graduate of MBI, Dr. Sweeting earned his bachelor of arts degree at Gordon College in Mass. He

also studied at Biblical Seminary in New York City, New York University, the Art Institute of Chicago, and Northern Baptist Theological Seminary in Chicago. In 1972, Dr. Sweeting was named "An Outstanding Educator in America."

Dr. Sweeting's ministry is worldwide in scope, taking him to each of the 50 states and many foreign countries. As a speaker at conventions, colleges and universities throughout America, he ministers to a cross-section of society.

He has preached in many of the historic churches of the world, including First Baptist Church, Dallas; Calvary Baptist Church, New York City; Spurgeon's Tabernacle, London; St. Giles Cathedral, Edinburgh, Scotland; The Kaiser-Wilhelm Memorial Church, Berlin; and the Yong Nak Church of South Korea.

Regularly he conducts evangelical services in the United States and other nations. Motivated by a deep concern for people, especially in urban centers, Dr. Sweeting speaks regularly in rallies, con-

ferences and on radio and television broadcasts across the United States and Canada.

He writes the column, "Climbing Higher," in the Moody Monthly magazine.

Dr. Sweeting has been honored with doctoral degrees from Gordon-Conwell Divinity School, Azusa Pacific College, Tennessee Temple College, and John Brown University. He and his wife, Hilda, have four married sons: George, James, Donald and Robert. Rev. Ronald Sweeting is the pastor of the Chain of Lakes Church.

### Heart Assn. Seeks Low-Fat Desserts

In an effort to change the widely-held notion that all desserts are bad for the heart, the American Heart Assn. is sponsoring a dessert recipe contest for restaurateurs in Lake, DuPage and Cook Counties.

The contest is being held in conjunction with the third annual American Heart Food Fest Sept. 10 through 19. The first 25 entrants meeting all criteria will be asked to present their finished recipes before a celebrity taste panel of judges at association headquarters on Sept. 19.

One grand prize winner will win round-trip airfare, and four runners-up will receive a special award.

All recipes must be low in saturated fats and cholesterol and meet certain other committee criteria. Restaurant size is not a factor.

Further information and entry criteria are available from Mary Donovan, RD, American Heart Assn. of Metropolitan Chicago, 20 N. Wacker Dr., Chicago, 60606, or call (312) 346-4675.

All entries must be received by Aug. 24.

### Course Offers Help For Scriptwriters

Whether writing a company sales training video or the next feature film box office smash, the College of Lake County can assist with a new scriptwriting course to be offered this fall.

The class, called "Introduction/Scriptwriting-Video, TV and Film" (ENG 220) will introduce students to the concepts, structure and format needed to develop shooting scripts for non-broadcast media, TV, and film.

"We saw a need for this course because a lot of companies are beginning to use videos for in-house training, and promotions, and they're using their own people instead of going

outside," said Judy Rosenberg, Associate Dean of the Communication Arts Division. "This course covers the practical as well as the creative aspects of scriptwriting."

The course will cover film terminology, creating realistic characters, conflict, and plot structure. Students will write three ten-minute scripts for non-broadcast purposes and then create longer scripts for television and film.

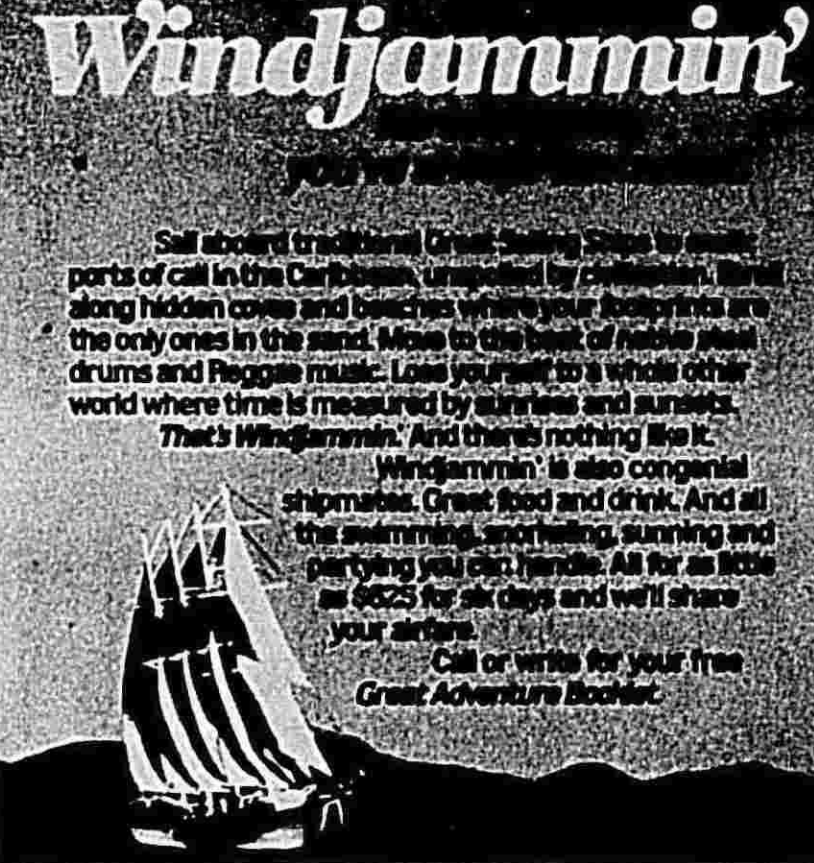

The course is scheduled to meet at 11 a.m. on Monday, Wednesday and Friday and will be taught by Betty Becker. For more information, call (312) 223-6601 ext. 550 or 555.

## Physicians WEIGHT LOSS Centers Produces results in Lake County

Since its inception in 1979, Physicians WEIGHT LOSS Centers has helped thousands of overweight clients change their eating habits to bring their weight problems under control. The great demand for weight reduction services has contributed to the steady growth of this company, which has placed over 230 Centers on the map already.

The Centers guarantee a weight loss of up to four pounds per week if the client follows the prescribed program. Essentially, this means a client could lose up to 56 pounds during a 14 week period. This amazingly fast rate of weight loss is closely monitored by a professional team of doctors, nurses and weight loss counselors to ensure the safety and health of the client.

#### CLYDE PETERS Director/Administrator

"I, like so many other people, had a weight problem but kind of ignored it hoping it would eventually go away. It didn't, and as I've learned since, wouldn't have. Then this opportunity to become affiliated with Physicians WEIGHT LOSS Centers came at the perfect time in my life and, among many other rewarding things, has resulted in the loss of my excess 31 pounds in just eight weeks. It was so easy I'm committed to maintaining this weight level, which I haven't had since 1952, for the rest of my life."

Almost all of my adult life was spent in a career that had its moments, but I can honestly say that until I became part of the Physicians WEIGHT LOSS Centers and the clients who people our Center, I have never felt so fulfilled and rewarded for the time and effort spent."

#### LORETTA PRITSCHER, BS, CSC Senior Staff Counselor/Behavioral Guidance Counselor

"By training and experience I am well prepared to deal with emotional wants and needs. At Physicians WEIGHT LOSS Centers the staff plays an important role in helping the client lose weight through individual and group guidance counseling. The results are eas-

ily seen in the amount of weight loss achieved through the Physicians WEIGHT LOSS Centers program. As the Behavioral Guidance Counselor at Physicians WEIGHT LOSS Centers, I help each client establish achievable goals and motivate and support them in their weight loss program."

#### WANDA LUMPKINS, LPN Nurse and Senior Staff Counselor

"When I began my nursing career nearly five years ago, I set some personal goals related to how I wanted to apply my training. After a series of positions as a Staff Nurse in hospitals and long-term care facilities, I found exactly what I was looking for at Physicians WEIGHT LOSS Centers."

Our program is nutritionally sound in function and design, and has been proven safe and effective. Not only do I use my nursing skills on a daily basis, but I meet and help some wonderful people."

#### JOANNE ERICKSON, RN Nurse and Senior Staff Counselor

A Registered Nurse since 1971 when she graduated from St. Luke's School of Nursing in Fargo, ND.

"When I was first presented with the opportunity to join the staff at Physicians WEIGHT LOSS Centers it appeared to be a great opportunity to enter a new field and at the same time provide me with a work-

ing environment in line with my lifestyle needs."

Needless to say I very soon discovered what a rewarding and professionally satisfying position this is. My nursing and counseling skills are used to the fullest, and the clients respond with weight loss that exceeds our guarantee."

#### CHRIS PLAZA, RN Staff Counselor

"Before joining the staff of Physicians WEIGHT LOSS Centers in Libertyville, I interviewed with another weight loss plan in the area. All I can tell you is that there is simply no comparison. The goals of Physicians WEIGHT LOSS Centers go far beyond just losing weight. The care and concern about, and commitment to long-range weight goals and maintaining a proper weight level for a lifetime is not duplicated anywhere, to my knowledge."

## Surprising Mohawks End Successful Second Season

The Grayslake Mohawks second season started innocently enough - with a tie against Beach Park.

But before it ended in Loves Park, the Grayslake team comprised of players from Grayslake and Round Lake would win 36 of 50 games, stay unbeaten in the Mike's Memorial Eastern Division for the second straight year, win the league's post-season tournament and finish second in the state American Amateur Baseball Congress state tournament.

"It was a pleasant surprised. Most of them realized this was their season to be," manager Tom Hunt said after it was all over.

Like most winners, the seeds of victory were planted in a previous season when things did not go their way. Last year, the Mohawks won the Eastern Division title but were quickly eliminated in post-season play.

"Everybody was picking us to win last year. A lot of the kids were scared of the uncertainty," Hunt said.

"Basically these kids all have played in this little community. That was one of the reasons to go into the North Suburban. I think it paid off," Hunt said.

Hunt especially praised the work of Rusty Welch and Matt Cullen. Cullen's mother died last year of cancer. "He has to act older than a 12-year-old," Hunt said.

A look at the Mohawks:

**John Hunt:** the manager's son led the team with 50 stolen bases and hit .333. "He really just got some good jumps," manager Hunt said.

**Clint Rodriguez:** Rodriguez won seven games as a pitcher and hit .357 in tournament play. He also played third, second and shortstop.

**Alex Ortigosa:** Ortigosa picked up two critical wins over Vernon Hills. "He probably was our hardest thrower. He had the fastest pitch," Hunt said.

**Robbie Commuso:** played an important

insurance role for Grayslake. Because of post-season rules, if a team goes to nine players or under due to injuries or substitutions, a game is forfeited no matter what the score. Commuso played the role of the extra player. "He was our cheerleader. I have a lot of respect for that young man," Hunt said.

## OVERTIME

By Steve Peterson

**Joe Meyer:** a catcher, Meyer hit .333 and the deciding home run against Springfield in post-season play.

**Aaron Strain:** he played catcher, third and outfield for Grayslake, batting .329. "He was truly a long-ball hitter," Hunt said. Of Strain's six hits in tournament play, four were roundtrippers.

**Steve Taylor:** asked by state champ Joliet to continue with that team, Taylor finished with a .395 average. He played third, short stop, second, pitched and the outfield. "There's not a position in the field that he can't play. He made some outstanding defensive plays," Hunt said.

**David Carrillo:** "I call him by stick. He just loves to play. His whole attitude was, 'can do'." Carrillo, who played second and caught, hit .378 in tourneys and did not strike out. In fact, he had only seven K's for the season.

**Jeff Taylor:** Taylor, for the first time, beat out his brother in hitting, .397 - .395. Taylor finished the season with 10-game hit streak.

**Steve Ring:** had four saves from the bullpen. "Steve can do whatever he sets his mind out to do," Hunt said.

## Angels Split Four Games At Tourney

The Lake Villa Angels split four games in the American Baseball Congress state tournament in Loves Park.

The Angels started the tourney with a heart-breaking 8-7 loss to Springfield. The Lake Villa squad, in its first year of existence, then came back to beat Roscoe 10-4 and Rockton Reds 6-4. Lake Villa was then eliminated by eventual second-place winner Grayslake 13-3. The team finished with an overall record of 28-22.

"We were a power in the Lake County area but we had some trouble in the Chicago Metro League. They're some

awful good teams in that league. But the league helped us overall to prepare for the tournament games," manager Chuck Grasser said.

In the Springfield game, it looked like the Angels were about to notch a first-round win. The Angels led 7-3 in the seventh inning, but then the roof caved in. Springfield scored five runs in the seventh for an 8-7 win.

Keith Lindbloom was the winning pitcher for the Angels in the win over Roscoe.

"He pitched a real strong game," Grasser said.

J.W. Hughes led the team's 11-hit attack with a triple, home run and single in four at bats. Chris Green had two singles, Lindbloom three singles, Chris Neuworth a double and a single and Aaron Moyer clubbed a double and home run.

Moyer started the Rockton game but the contest was interrupted by a rain delay.

"There was a rain delay in the middle of the game and Moyer was struggling early. But after the rain delay, he regained his composure and pitched better than ever," Grasser said of Moyer.

## Fox Lake Squad Wins Tourney Title

Fox Lake's 11-year-olds and McHenry's 10-year-olds came up winners over blazing heat and opponents during Antioch's youth baseball tournament.

Antioch's 1987 baseball season came to an end Aug. 1 with five tournament games being played at Antioch's little league diamond.

In the competition for 10-year-olds, McHenry edged Fox Lake for the cham-

pionship 6-3 while Fox Lake beat McHenry 5-3 in the 11-year-old division.

In the 10-year-old division, Nathan Druml of McHenry pitched a one-hitter to beat Johnsburg 7-3 and send his

team to the final against Fox Lake.

The tournament featured several large crowds despite the 90 degree plus temperatures.

# College Trustees Release Tentative 1987-88 Budget

The College of Lake County Board of Trustees announced at its July 28 meeting that the tentative budget for fiscal year 1987-88 is available for public inspection in the business office at the Grayslake campus.

Operating funds expenditures total \$17.8 million (not including a contingency fund), which is 2.9

percent more than expenditures in fiscal year 1986-87.

Arthur E. Kent, vice president for administrative affairs, said, "Balancing the budget this year was extremely difficult because of a shortfall of \$267,768 in state revenue."

"The tentative operating funds (educational and

building) for fiscal 1988 is a balanced budget," Kent said. "The expenditures do not exceed revenues except for contingency amounts of \$300,000 in the education fund and \$100,000 in the building fund."

Kent noted that the contingency budgets are included only for meeting emergency or unforeseen needs, and that the college

has never had to expend these funds. The contingency represents 1.7 percent of budgeted expenditures.

A public hearing on the annual budget will be held at 6:45 p.m. on Aug. 25 in the board room. Following the hearing, the board may adopt the annual budget.

In a related matter, the board appointed the Chicago firm of Peat Marwick Main to perform the audit for the past fiscal year. Cost of the audit is \$30,000. The firm has had extensive experience auditing community colleges throughout the state and the country, and was selected from 10 certified public accounting firms that submitted proposals.

The board approved selection of Russ Hamm for the new position of dean for community education and contract services. Hamm, a Libertyville resident, was associate dean of economic development. He started at CLC as an instructor in 1971, and has been in the college's administration for 10 years.

The board honored Frank Harnish, a speech and theatre instructor at the college since its founding in 1969, upon his retirement. Harnish was praised for his efforts in founding the CLC theatre program and for his involvement in the College Senate during his 18 years at the school.

CLC President Daniel

LaVista announced that art instructor Nancy Cook has been chosen to teach a semester in London for the Illinois Consortium for International Studies. The program attracts students from 30 colleges statewide. LaVista also announced that student trustee Rusty Keck of Great Lakes has been chosen as student representative to the Illinois Community College Board.

In other action, the board: -approved a new policy and development of procedures for assuring that all teaching faculty are proficient in oral English in order to comply with state law.

## Business Still Running After Boy's Death

Note: This is the 16th in a series of articles on building and zoning violations in Lake County.

by LARRY WITTEBERT

Put on the defensive, the Lake County Building and Zoning Dept. parried charges made by county residents regarding the stubborn problem of eyesores defacing property.

Bob Streicher, director of that department, was called before the county's Building and Health Committee to explain alleged violations reported in Lakeland Newspapers.

By his account, the department at least once responded to such a complaint only after an eyesore photo was published by Lakeland.

In another case, a person complaining about a business in his residential neighborhood offered to photograph the operation. But Streicher said that photos would be inadmissible in court.

In Fox Lake, the code enforcement officer takes photos to provide evidence,

according to Norm Yost, former officer.

Finally, in the case of a 17-month-old boy who died after a tractor ran over him, Streicher said that the premises were posted two weeks before the accident occurred.

But that failed to shut the business down and the boy's life was taken because of it, reports said.

Today, the business is still in operation at Fairfield and Blackcherry in the Lake Villa Twp., neighbors said.

They report that the lawn care firm is hauling in debris and burning it every night. They said that they may take some action themselves to halt the nuisance-causing business.

Equipment such as dump trucks, backhoe and shredders continue to operate there. One neighbor said that she was told Streicher's department does not respond to individual complaints, only to those from the county board, townships and associations.

She said that she also tried to contact County Board

Member Norm Geary, but was unable to do so after leaving messages.

# Gov. Thompson Signs Bill, Saves Duck Hunting Season

Measures designed to preserve the waterfowl hunting season in several Illinois counties, make loans available for college students attending out-of-state schools and increase the number of unit school districts eligible to form separate elementary and high school districts were among the measures signed into law by Gov. Thompson, according to Republican

Caucus Chair Adeline Geor Thompson signed 14 bills approved by the General Assembly during the spring legislative session. About 1,000 bills must either be signed or vetoed by the Governor over the next two months.

The Governor exercised his veto power on one measure. Citing the budget constraints, Thompson turned down legislation providing \$5,000 annual pay

Karis (R-Zion), raises for 57 regional school superintendents and 67 assistant school superintendents. The Governor estimated the cost of the raises at \$3 million this year and \$5.5 million next year.

According to Sen. Geo. Karis, the Governor's signing of SB 924 essentially saved the duck hunting season in nine Illinois counties.

### Manpower Tells Opening Of Lake Bluff Office

Manpower Temporary Services has opened a new office at 655 Rockland, Suite 101, Lake Bluff.

The office is in the new Lake Bluff Executive House on Hwy. 176 just east of the intersection of Rte. 43.

According to Charles R. Bartels, franchise owner, the decision to open the new office was made to provide better service to customers and employees.

"We needed the extra space to be able to efficiently

and comfortably interview and test our steady stream of applicants," Bartels said.

"It has become obvious to us that the Lake Bluff area is a pivotal location for both employees and customers."

The Lake Bluff office is the third in the local Manpower complex. The other offices are at Lakehurst and on Lake St. in Mundelein.

The Lake Bluff office is expected to handle a high volume of Manpower's technical business, i.e. laboratory technicians, drafters, programmers,

engineers, scientists and other degreed personnel.

Bartels also noted that more space was needed for word processing and computer operator training.

"The training programs which Manpower developed to train word processing and computer operators in one day have been quite successful, and as a result have

given our business a big boost," he said.

Manpower, Inc., annually provides temporary employment to approximately one million people through its 1,350 offices in 32 countries. Highly skilled office assignments account for more than half of Manpower's business.

### First Midwest Has Record Second Quarter Earnings

First Midwest Bancorp, Inc. has reported record second quarter earnings.

Net income for the quarter

ended June 30 totaled nearly \$3 million, or 38 cents per share representing an increase of 11 percent over

1986's second quarter net income of \$2.7 million, or 35 cents per share, and record second quarter performance.

For the first six months of 1987, net income totaled \$5.5 million, or 70 cents per share, reflecting a 14 percent improvement over last year's first six months' net income of \$4.8 million, or 62 cents per share.

All financial data has been restated to reflect the recent acquisition of Bancorp of Mundelein and its principal subsidiary bank which has been renamed First Midwest Bank/Lake County. The acquisition has been accounted for on a pooling of interest basis.

Contributing to both the positive second quarter and six month earnings comparisons were improvements in virtually all areas of operations, including increased net interest income and non-interest income as well as a reduction in the provision for possible loan losses.

## Welton Family Optimistic For Future Of Cub Foods

by JIM BUTSCHLI

Attention Round Lake! All systems are go for the April 1988 launching of the Cub Foods store on Rte. 134 and Fairfield Rd.

As reported in Lakeland Newspapers in March, this 25 to 30 acre site will support a retail shopping center designed to provide the community with a substantial tax base and offer more than 600 total jobs (between 100 and 150 through Cub Foods alone.)

The Cub Foods store will anchor the center and be completed as the first of a two-phase project. It will occupy eight acres of space with 63,000 square feet of shopping space. On average, the store will contain \$1 million worth of inventory and will include a bakery and video rental facilities. The store will be open 24 hours and will feature a floor design and product layout similar to the Mundelein Cub Foods location.

The development is part of Round Lake's growth plan and is a result of a prior agreement between the Village Board and the Welton Family Partnership, Inc. It functions somewhat like a financial zoning incentive plan and calls for additional sales taxes

brought to the community by the store to be evenly divided with the village under a specific state tax formula.

Dick Welton, president of the partnership (which is made up of eight brothers and sisters) is delighted with the opportunity. "The Village of Round Lake has received us very well. Mayor Rudy Magna and all the trustees have encouraged us to build in the area."

"They feel it will be good for Round Lake as an attractive package for the community by providing them with a way to draw someone into the area and develop land for industrial purposes. Right now, Round Lake accounts for 15 percent of the Mundelein Cub Foods customer base and 20 percent of that store's employees."

The Partnership is well known in the Gurnee area, owning a 5,000-square-foot original store and the 80,000 square foot County Market. They also own the Cub Foods Mundelein store (and soon Round Lake) under a franchise agreement with SuperValue.

Welton claims, "SuperValue is the world's largest grocery wholesaler. Headquartered in Indiana, they have 21 divisions

nationwide and supply groceries to independent retailers in over 40 states." In all, Cub Foods has 42 stores across the United States, with a strong foothold in the Midwest.

Cub Foods thrives on a marketing strategy that differentiates it from other major grocery retailers. "Jewel, for example, is in virtually every sizeable community, whereas a Cub Foods store covers a few counties," Welton explains. "There's no reason for a customer in Libertyville to go to Mundelein to shop at a Jewel because they are neighborhood stores. Our concept is to be more regional and people will drive from further distances to shop at our store."

What's the Cub Foods appeal? Welton says, "We go after a 'Cub' market—people who are interested in price as a major factor, yet also want quality and value." Among the way Cub Foods can offer lower prices is through lower wages. Unlike many of their retail grocery counterparts, Cub personnel are non-union. Welton is also proud of the store's delivery methods. When a meat, grocery, produce or dairy item comes off the truck, it is only a few feet from its

corresponding cooler, which is attached directly behind the shelves the customers select from. Minimum cutting of display cartons are made, leaving a "bulk" display look, and customers must bag their own items.

Welton has high hopes for the future of Lake and McHenry County markets regarding growth and potential Cub Foods store sites. The Partnership has purchased market surveys on a couple of additional locations within these two counties. Welton says, "We have two or three other things in the works, but I'm not prepared to discuss them yet. When we are set to build our company further, we'll come forward with the information."

Welton is quite optimistic about the McHenry area. When the Round Lake store opens, Welton will not worry about business transferring out of the established location. He says new residential growth will make up for the possible shopping pattern changes.

Like the Mundelein store, Welton expects the Round Lake location will require about 100 to 150 total employees. Company veterans will fill some positions, but Welton adds, "We'll hire a lot of new people full and part time. We have a lot of opportunities and when it comes time, we will let people know what is available."

Welton notes that, "Most people don't realize all the

work involved in opening a store. In this case, I met with Mayor Magna in 1986. We've met with village trustees and have a Barrington-based developer." Zoning arrangements, municipality permits, financing and approval from Cub Foods' wholesalers have or are being finalized. Then it's a six- to seven-month process to build the physical structure.

With plans on schedule, the Round Lake community should benefit from the new center and the Cub Foods store will offer residents another option in grocery shopping. All of which should please Cub Foods and the Village Board.

## Seniors Save Money On Their Air Travel

by JIM WARKEN  
President, North Star Travel

Most airlines offer some sort of senior discount program. Your particular travel needs will dictate which one is best for you.

Delta Airlines offers coupon books with either four or eight coupons. Each coupon is good for one flight anywhere in the continental United States to which Delta flies. A round trip would use two coupons. The books sell for about \$350 for a four-coupon book and \$450 for one with eight. Reservations cannot be made any sooner than six days prior to your flight date and are not good for travel on Fridays or Sundays.

Delta now allows the use of these coupons on their Hawaii route, but two coupons are needed for each flight. That makes four for a round trip. This is still quite a savings, making a round trip ticket to Hawaii less than \$300 if an eight-coupon book is purchased.

Delta requires a minimum age of 62 for its senior program. Coupon books are good for one year from the date of purchase and are fully refundable if no part of the book has been used.

American Airlines offers membership in a "Senior Savers Club" to those over 65. Benefits include a 10 percent discount on airline tickets, including the already discounted Super Saver fares. Discounts are allowed to most of American's destinations, including Germany. Membership also provides for discounts on many hotels and even on some cruises.

An annual fee of \$25 is charged for American's program. For a total annual charge of \$100, the senior traveler may include a younger bride (or girlfriend) in this same plan with the same benefits as long as they travel with the senior.

Unites Airlines' "Silver Wings Plus" is very similar to American's Senior Plan. United also offers discounts at Westin and Ramada hotels, while American's plan offers discounts at Hiltons and Sheratons. Airfare discounts are the same 10 percent.

Eastern Airlines offers two programs. One is a coupon book with the same benefits and restrictions as Delta's. The other is a Senior Discount Club membership for \$25, which is very much like United's and American's. Eastern's Senior Club allows those of only 62 years of age rather than the 65 age limit imposed by United and American. Eastern has the \$100 companion benefit, too.

To decide which plan is best for you, first decide where you want to travel. Which airlines serve those cities? How often do you think you will travel in a year? What is the regular fare to those cities? All are a factor in deciding which program to go with.

# ROCK TRACKS

By Rob Ferrus

Genesis has just made U.S. pop chart history by becoming the first group to earn five top-five singles from one album. The British trio has also earned the distinction (by *Billboard* magazine) of being the first band to remain constantly in the Top 40 on the national pop charts for one full year with singles from one album.

Following the number one success of the "Invisible Touch" single (the band's first U.S. number one record), the album of the same name has yielded four more consecutive top five singles: "Throwing It All Away," "Land of Confusion," "Tonight, Tonight, Tonight," and the current hit, "In Too Deep."

Genesis' 1986-87 world tour began on September 18, 1986 and concluded on July 4, 1987. During that time, the band had played 111 shows in 59 cities in 16 countries for a total audience of 3,086,000 and a gross in excess of \$60 million. The Genesis global itinerary wrapped up with an unprecedented four-night stand at London's Wembley Arena, with the Prince and Princess of Wales in attendance.

Listening to Motley Crue's "Girls, Girls, Girls" album is about as entertaining as watching a chicken hatch her eggs. All that energy and fancy equipment gets jumbled together loudly with absolutely no purpose except maybe to annoy the neighbors. The Crue wouldn't know a good riff if it reached out and bit them as it does on the title track. As usual, bass player Nikki Sixx writes all the lyrics. Jim Morrison he is not. When he's not bragging about his sexual prowess, he unleashes such nonsense as "Fuel Injected Dreams are bursting at the seams, am I in Persia or am I just insane?"

Deep.

I must admit that "Girls, Girls, Girls" is a slight improvement. Vince Neil is in better voice, and you can actually decipher the distinctive sounds of Mick Mars' guitar and Tommy Lee's drums, but it's still terrible. The bottom line? "Girls, Girls, Girls" is boring, boring, boring.

# Arts May Elude Sales Taxes

Not-for-profit music and dramatic arts organizations will be exempted next year from Illinois sales taxes, under a new law sponsored by State Rep. Virginia Frederick (R-Lake Forest) and Sen. David N. Barkhausen (R-Lake Bluff).

Approved last week by the governor, the measure permits these arts groups to buy costumes, props,

tickets, office supplies, programs and other needed merchandise without paying sales tax.

The new law will benefit not only large not-for-profit organizations such as the Lyric Opera and the Chicago Symphony, but also smaller local performing arts groups.

Barkhausen said, "As a matter of practice, most of

these organizations have been able to buy merchandise without paying sales taxes because they obtained special exemptions from the Dept. of Revenue. However, legislation approved in 1984 required all of them to obtain an exemption identification number by

July 1 of this year, and as a result, many groups lost their exemptions."

Barkhausen said the new law will benefit all arts organizations that present live performances regularly and have received tax-exempt status under federal law.

## 'Superman IV' Takes Flying Leap To Nowhere

One of the unavoidable hazards experienced by a critic is the encounter with 'THE EXCEPTIONALLY BAD FILM'. It's at times like these that one wonders why one bothers being a critic at all. This is certainly my problem after viewing the film, 'Superman IV: The Quest For Peace'. My quest after seeing this, the latest in the Superman saga, was for 'peace' and quiet! Enough! After such an experience it is difficult to order one's thoughts. Where to begin?

Typically film analysis begins with a short synopsis of the plot or a description of the general action. Fine. What action? What plot? I'll try and explain.

Superman saves some Russian spacemen and returns to earth in time to go to work as Clark Kent only to have to change back into Superman in order to save Lois Lane who is trapped on a run-away subway train in Metropolis and then he, Superman, I mean Clark Kent, goes home to Smallville to dig in his dad's barn to find his old spaceship. he, Clark Kent, or rather Superman, can listen to a last recording from his mother telling him to behave or something and he then flies to the United Nations to make a speech proclaiming

how he is going to rid the earth of all atomic weapons by throwing them into the sun so some grade school kid can be happy, but Perry White's newspaper is being taken over by some rotten rich guy with a beautiful daughter who has big eyebrows while Lex Luthor has stolen Superman's hair (it's true!) that was in the Superman Museum and with the help of his punker nephew, clones a lump of Superman which they stick onto a nuclear missile launched into the sun to generate a blond solar powered superman-clone who flies to earth and tries to assault the rich guy's daughter (who now runs the Daily Planet), but Superman is scratched in a fight with the clone's electric fingernails and gets sick, so he, I mean Clark Kent, has to go back to his father's barn, dig up a green crystal so he can save the Statue Of Liberty, Mt. Etna, and The Great Wall Of China before he puts his clone to sleep by pushing around the moon and finally throwing the super-clone into Three Mile Island. The end.

Sounds like a 3rd grade, run-on sentence? Well, 'Superman IV' was a 3rd grade run-on movie. I only wish it had run-on by and I had missed it.

Bill

## Put The 'Man' Back Into 'Superman'

I had high hopes for "Superman IV: The Quest For Peace". After "Superman III", which was terrible, I was looking forward to a return to the excellence of the first two. This year marks the 50th anniversary of the character's creation, and a return to the high standards of quality set by the 1st 2 films would have been a nice, timely gift for the man of steel's fans.

But in this latest movie, there is not a single thing that works- and that makes me mad because there is no excuse for it! What's wrong with the movie? I don't know where to begin to answer that. (For a story description that I couldn't possibly improve on, see the other half of this column.) The best way to explain it may be to use a popular saying here at Lakeland: it (the movie) is too much and not enough all at the same time.

That is, it contains too much of the same mindless garbage that plagued the 3rd film, such as an implausible villain and a long, drawn out fight sequence that is just plain BORING.

At the same time, there are not nearly enough scenes focusing on the character of Superman as a man. For instance, his relationship with Lois Lane which was

developed so well in the 1st two films, and ignored in the 3rd, is mishandled terribly by the writers this time. Time that could have been spent exploring that romance even more is wasted on a stupid sequence in which Clark and Superman have a double date with Lois and another woman. Also, a scene which is meant to be touching- in which Superman reveals his secret to Lois and takes her flying again only to make her forget it all again afterwards- comes off instead as a cruel trick.

His power to induce amnesia in Lois is a major cop-out used by the writers because they don't want to have to deal with the idea of her knowing his secret.

The thing that I believe makes "Superman II" the best of the series (for adults at least) is that it presented the man of steel as just that, a man- one who found himself faced with having to make some tough decisions about love and responsibility, things we all face eventually.

The best thing a big Superman fan could do would be to pretend that 3 and 4 don't even exist and just rent 2 and watch that one again. That's the one that got it right.

## What's Up, Doc? Carrot Search

Calling all city and country farmers! Those carrots in the carrot patch may be worth more than a good meal.

The Mid-America Horse Festival, scheduled Friday through Sunday, Aug. 7-9 at the Fairgrounds in St. Charles, will host a search for the world's largest carrot.

The winner receives a live miniature horse courtesy of Northeastern Illinois Special Olympics. Ticket sales from the 10th annual event will benefit Special Olympics.

According to the Guinness Book of World Records, the world's largest carrot to date weighed 15 pounds four ounces, and was grown in Australia in the late '60s.

Entries can be dropped off at the festival's "carrot booth" from 11:30 a.m. Friday through 7 p.m. Sunday. Judging, based solely on weight, will be during the Sunday evening performance.

The Miniature Horse is a

prize chestnut stallion about the size of a dog. He was born in the spring, and is valued at \$1,000.

The Hooved Animal Humane Society will interview the winner to determine if he or she qualifies to

provide an appropriate home for the horse.

A cash award of \$200 will be offered as an alternative to the Miniature Horse. For further information about the contest, call the Special Olympics Office at (312)377-7250.

# Kirk Players Nominate Best Of '86-'87 Season

With the help of their supporters, the Kirk Players have made donations to four worthy service organizations, provided wholesome activity for people interested in com-

munity theatre, and provided their audience with good quality theatre at reasonable prices.

They have also provided leadership and support for many community projects,

such as the Lake County Arts Council, Mundelein Community Days celebration, the Libertyville-Mundelein-Vernon Hills Chamber's Treasure Hunt, and their own free summer

workshops.

Now it's time to honor their Players for outstanding achievements. The annual awards program, scheduled this year for Aug. 29, provides performers with a little added excitement. All Players consider it an honor just to be nominated, but the ultimate honor is winning.

The Players selected individual performances from its 1986-87 season they felt are most worthy of recognition.

The winners will be announced Academy-Award style at the annual Awards Banquet on Aug. 29.

Nominated for best actress in a major role are Phyllis Carter as the "neat" one in "The Odd Couple"; Carol Marie Fischesser as the understanding mother in "Alone Together"; Jerilyn Kjellberg as the "best friend's wife" in "Play it Again, Sam"; Wendi Lynn as the young survivor in

"Ten Little Indians"; and Kathy Russ as the "slob" in "The Odd Couple."

Nominated for best actor in a major role are Hill Carter, as the private detective in "Ten Little Indians"; Thom Koch, Jr., as the Bogey fan in "Play It Again, Sam"; Bill Phillips as the nervous doctor in "Ten Little Indians"; and Tom Schrimpf as the stalwart hero in "Ten Little Indians."

Nominated for best actress in a supporting role are Carol Marie Fischesser, as the prude who got stung in "Ten Little Indians"; Donna

Lynn, as the Florida-bound player in "Odd Couple"; Maureen Cook Slade as the cop in "Odd Couple"; and Paula Willems as the scantily-clad guest in "Alone Together."

Nominee for best actor in a supporting role are Floyd Baker, as Bogey in "Play It Again, Sam"; Jesse Becker, as the retired general in "Ten Little Indians"; Hill Carter as a Spanish neighbor in "The Odd Couple"; Jeff Lynn as the lady-killer son in "Alone Together"; and Bob Thomas as the business-minded buddy in "Play It Again, Sam."

## Men's Garden Club Sets Flower, Vegetable Show

Joseph Zegar, president of the Men's Garden Club of Waukegan, invites all area amateur gardeners to enter the club's 43rd annual Fall Flower and Vegetable Show on Aug. 22 and 23.

Participation in the show, to be held at the Belvidere Mall in Waukegan, is free to all exhibitors. Ribbons and prizes will be awarded in 13 sections and over 60 classes, from pot gardening to extensive kitchen gardening.

The show will be set up Friday, Aug. 21. Entries will be accepted from 7 to 9 p.m. on Friday and 7 to 10 a.m. on Saturday, Aug. 22, at the south entrance of the mall. Club members will furnish entry numbers and tags,

plates for vegetables and vases for flowers, water, and any advice needed to give entries the best chance for a coveted blue ribbon. Any special exhibit or arrangement will be the exhibitor's responsibility.

All entries will be judged towards perfection by a panel chosen from MGCA-certified lists of area clubs.

Co-chairmen Klaas Vanderlip and Anton Mathiesen advise that all entries should be of best quality, of equal size and condition. Club members will be on hand to assist in properly entering and placing entries.

The show will close at 4:30 p.m. on Sunday, Aug. 13. Exhibits may be claimed between 4:40 and 5 p.m.; all unclaimed entries will be sold at public auction.

### Rose Doctors At Work

Don Ballin, president of American Rose Society, left, and Dr. Arnel Potter, co-chairmen of rose show at Hawthorn Center, on Sunday, Sept. 6, are discussing rose garden problems. Northeastern Ill. Rose Society will conduct clinic on rose growing on Sunday, Aug. 23, from 11 a.m. to 4 p.m., in Marshall Field Court at Hawthorn.

## Rose Doctors Will Give Flowers First Aid

Let the experts of the Northeastern Illinois Rose Society answer any questions about roses during a clinic it will conduct at Hawthorn Center on Sunday, Aug. 23.

Consulting Rosarians and club members, better known as "rose doctors," will be available in the Marshall Field Court from 11 a.m. to 4 p.m. to help answer questions regarding insects, mildew blackspot and any other problems that may be encountered in the growth of roses.

Rose arranging and grafting demonstrations will also be included in this clinic, as well as a continuous slide series full of helpful hints. Bring in foliage, flowers or any

rose problem and let the experts start the growth of better roses.

For further information on the clinic, or entering roses in the annual Rose Show on Sunday, Sept. 6, contact Chairman Dr. Arnel Potter at (312)223-1282 or Dr. Andy Plasz, president of the Northeastern Illinois Rose Society, at (312)244-1540.

This is a beautiful show for the whole family and is a public service to the surrounding communities. It's also an opportunity for rose growers to display the results of their efforts of this enjoyable hobby, as well as having a "blooming" good time.

## Chorus Holds Auditions

# Editor Gets Milked By Sheriff Babcox

by CHARLES JOHNSTON  
Managing Editor

I WAS ROBBED. But I don't know who to report it to, because it was the sheriff who robbed me.

When I confronted the sheriff with the evidence, he called us all a bunch of aliens and said this was just another example of Lakeland Newspapers

pay for bringing Lake Michigan water into west Lake County. It's going to cost \$70 million which would be divided up amongst 10 communities.

Opponents will say it is too much. They are certainly right that it is a lot more than what we are accustomed to paying for water. But as the old saying goes, "What you gonna do when the well runs dry?"

We are getting to that

point. Besides the declining water table, there are several other problems with ground water. Water from deep wells has a nagging tendency to carry radiation in excess of the amounts allowed by the Illinois Environmental Protection Agency. Water from shallow wells is harder and carries pollution problems.

Ron Riepe, professor of geology at the College of Lake County, said several

weeks ago that Lake Michigan water is the logical source for an ample supply of clean, potable water in the collar counties.

The choice is not going to be between leaving things as they are or paying for Lake

Michigan water. The choice will be between paying for Lake Michigan water or face continual degeneration of the ground water supply, leading to more and more shortages and restrictions as the years go by.

Having never milked an animal in my life, I was delighted to come in second in the "celebrity" goat-milking contest at the fair, just one ounce behind those old farm boys, Sheriff Mickey Babcox and County Board Rep. Mike Graham. Each of us milked about a quart in our allotted minute.

But immediately after the weigh-in, Avon Twp. Democratic chairman Ron Prindle told me that the sheriff held his bucket behind his back before weigh-in and other people poured milk into it. In shock, I checked with County Board Rep. Fred Popp, a Republican who has nothing but the highest esteem for the sheriff. In his best Sgt. Schultz imitation, Popp said, "I saw nothhhing!" while nodding his head yes.

trying to impugn his reputation.

Well, what the heck. It would have been terribly embarrassing for an old farm boy like Mick to take a back seat to a rank amateur.

Since I grew up, my parents have moved south onto a farm. Every time I am down, my mother tries to get me to milk her cow. I always tell her I'll drink, but she'll have to do all the milking.

So, I'll make a deal with the sheriff. I won't say anything more about this provided that he doesn't tell my mother I came in second. If she finds out, I'll never be able to convince her I'm too squeamish for such work again.

THE BATTLE LINES are being drawn for the fall referendum on whether to

## POLLUTION VARIANCE

The Lake County Department of Public Works, on behalf of its public water supply located in an unincorporated area commonly known as "Wildwood Subdivision" in Lake County, has filed with the Illinois Pollution Control Board a petition for variance under Title IX of the Environmental Protection Act. The Petitioner requests a variance from 35 Ill. Adm. Code 602.105(a) and 602.106(b) so that Restricted Status will be lifted despite having violations concerning combined radium-226 and radium-228. The purpose of the petition is to be able to obtain construction and operating permits for new water main extensions.

The Illinois Environmental Protection Agency solicits the views of persons who may be adversely affected by the variance. Address any comments or inquiries to: Jose L. Gonzalez, Jr., Staff Attorney, Enforcement Programs, Illinois Environmental Protection Agency, 2200 Churchill Road, P.O. Box 19276, Springfield, Illinois 62794-9276, phone 217-782-5544.

If a written objection to the variance is received by the Illinois Pollution Control Board, State of Illinois Center, 100 West Randolph, Suite 11-500, Chicago, Illinois 60601, by August 18, 1987, the Board must conduct a hearing on the petition.

One Thursday last month  
in our Trauma Center  
we handled  
3 emergency helicopter transfers,  
took care of 35 on-the-job injuries,  
treated 104 assorted cuts,  
bruises and sprains  
...and sutured  
one pug-nose bear.

Everyone has recovered fully.

With the only certified Trauma Center in McHenry County, we see and treat all kinds of emergencies.

But we never forget that each medical problem—from a broken leg to a cardiac arrest—is attached to a person, a neighbor. So while we concentrate on the expert emergency care you expect, we also know the value of that special kind of "medi-

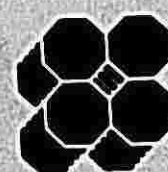

cine" learned only through experience.

Like taking a few extra minutes to stitch up an old friend.

Because a little added caring never hurts.

For more information about NIMC's Trauma Center, write to us . . . or call us at 1-815-344-5000, extension 4000. If

## NCRCO Elects Neal To Regional Post

Robert P. Neal, chairman of the legislative committee of the Lake County Board, was elected regional director of the National Conference of Republican County Officials (NCRCO) organization during the annual NCRCO Business/Membership meeting.

Neal will serve as director of Region V, consisting of Illinois, Indiana, Minnesota, Michigan, Ohio and

Wisconsin.

He was nominated for the position by Kane County Sup. Phil Elstrom, who previously served as regional director of Region V. In making the nomination, Elstrom said, "I have confidence that Bob Neal will serve this position with the kind of enthusiasm and effort that he has put forth as the Republican chairman of Lake County."

In addition to Neal's

position as chairman of the legislative committee of Lake County, he serves as supervisor of Newport Twp. and is the Lake County Republican chairman. Lake County is the strongest Republican county in Illinois.

According to NCRCO president Fred Anderson, "I am delighted that Bob Neal will be a regional director of the NCRCO and I look forward to working with him this next year in this

capacity. He has strong Republican credentials, and I am sure he will work hard to develop and organize Region V during this critical election year."

Neal is one of 11 regional directors of the NCRCO organization, which has a membership of over 5,000 Republican county officials nationwide. The NCRCO is an auxiliary organization of the Republican National Committee.

## WHAT CONDITION IS YOUR SPINE IN?

The condition of your spine has a direct relationship to your health. The spinal cord is the lifeline of the body. If you are having the sensations of numbness in the hands or feet, electric shock sensations, hot spots, cold spots, constant stinging or even burning, chances are your spine is not in the condition it should be in. These are signs of severe chronic nerve irritation and should be cared for before more serious irreversible complications occur.

**Pinched nerves can be the cause of:**

1. Headaches
2. Neck Pain
3. Shoulder Pain or Knee Pain
4. Difficulty Breathing
5. Lower Back Pain, Hip Pain, and Pain Down the Legs.

\*Free examination includes case history, consultation with the doctor, a posture survey, and 10 orthopedic neurologic tests. X-rays, treatments, and clinical laboratory tests are not included.

## 'Adderly,' 'Night Heat' make move to primetime

By Paul Elle

In Broadway parlance, "Adderly" and "Night Heat" have opened out of town. Since their premieres in 1985 and 1986, respectively, the series have aired on CBS's "Late Night," instead of during prime time. And they are filmed in Toronto, Canada, away from the high-budget, high-profile worlds of Hollywood and New York.

Scott Hylands

But beginning this week, both series will air for six weeks in primetime on CBS. "Night Heat," a no-nonsense police drama starring Scott Hylands and Jeff Wincott, debuts Tuesday, Aug. 4. "Adderly," an irreverent espionage series starring Winston Rekert, debuts Friday, Aug. 7.

"It doesn't make any difference to me," says Hylands of the new, larger audience. "It's impossible to get a notion of how many people are watching. It's so large and distant that you can't get any idea of it."

Hylands, who plays Det. Kevin O'Brien, has worked extensively in

model of the World title and a \$250,000 contract with the Ford Model Agency. Contestants are judged on photogenic quality, posing and runway modeling. Entertainment by recording artists Smokey Robinson, Laura Branigan and Atlantic Starr. Hosts: Dick Clark, model Jerry Hall. (2 hrs.)

**32 - Mrs. America Pageant** This 11th annual beauty pageant for married women features state representatives competing in evening gown, swimsuit and interview categories. Entertainment by Gladys Knight & the Pios.

both Toronto and Hollywood. He contends that filming in Toronto is little different from filming in Hollywood or New York.

"Acting talent goes by person, not by country," he says. "The only difference between Toronto and New York is that there are 50,000 union members in New York and 7,000 in Toronto."

Rather than setting the series in Toronto, or carefully re-creating the look and feel of a Chicago or a New York, the producers have set "Adderly" and "Night Heat" in "large North American cities."

"Filming in Toronto, we couldn't set the show in New York City," says Larry Jacobsen, an executive producer of "Night Heat." "I didn't want to send the second unit to New York every week to film three days worth of skylines. So we've set it so you don't know where it is, like on 'Hill Street Blues.'"

"Night Heat" is filmed entirely at night, with shoots taking place between 6 p.m. and 4 a.m. "We have a certain mongrel aspect," Hylands explains. "Hand-held cameras, a tight budget, an improvisatory style. Filming at night is a way to make the show distinctive."

He is amused that many viewers will regard "Night Heat" as a new series. "We just made our 66th episode! We've settled into a groove," he says. "One show out of five is lousy, three are good, and one you can set aside as something you're proud you've made."

## For Apple Pie Lovers 'Corners' Is A Slice

by GLORIA DAVIS

Anyone who believes "You can't go home," better stay away from Marriott Lincolnshire's new musical version of Thornton Wilder's "Our Town," "Grovers Corners."

In Marriott's latest production, Tom Jones and Harvey Schmidt, who put the time proven classic to music, take believers back to the small town of "Grovers Corners," where they experience family, growing up, falling in love, marriage and death in a small town way.

"Goodbye World." She's right on target when it comes to opening the tear ducts of the females in the audience with this one.

The other members of the two families that are the mainstay of the plot, Mother and Father Gibbs and Mr. and Mrs. Webb, are most believably portrayed by Sharon Carlson, Les Hinderyckx, Richard Henzel and Linda Stephens.

The other half of the love duet, Michael Bartsch, plays a George Gibbs that would

Jones and Schmidt have trimmed the stale crusts off of Wilder's classic, freshened it up a bit, move the time element up to the 1930s, and added some melodious charm to this bit of Americana.

Besides all that, the two writers are on stage throughout the performance with Schmidt playing the piano in back of several duets that he and Jones sing. Their voices might be the best, as singing songwriters, go since Johnny Mercer and Haogen Carmichael.)

And Jones is probably the best thing on Marriott's stage presently as he romps through his part of the stage manager, narrating the show and playing various parts as needed, topping off the Americana atmosphere with his homey Will Rogers style.

Deanna Wells, who plays the ill-fated Emily, stops the show with her rendition of

make even Mr. Clean proud. His harmonizing with Wells in "Maybe," "I Notice You," and the best song in the show, "I Only Want Someone To Love Me," is ear pleasing.

The beginning of the show is charming and as homey as Mom and apple pie, the middle a little slow, and the ending an emotional tear-jerker. But maybe a little apple pie is a needed refresher after the Cherry Jubilees of "Chorus Line," and "42nd St." Hey, I hear its still America's favorite desert!

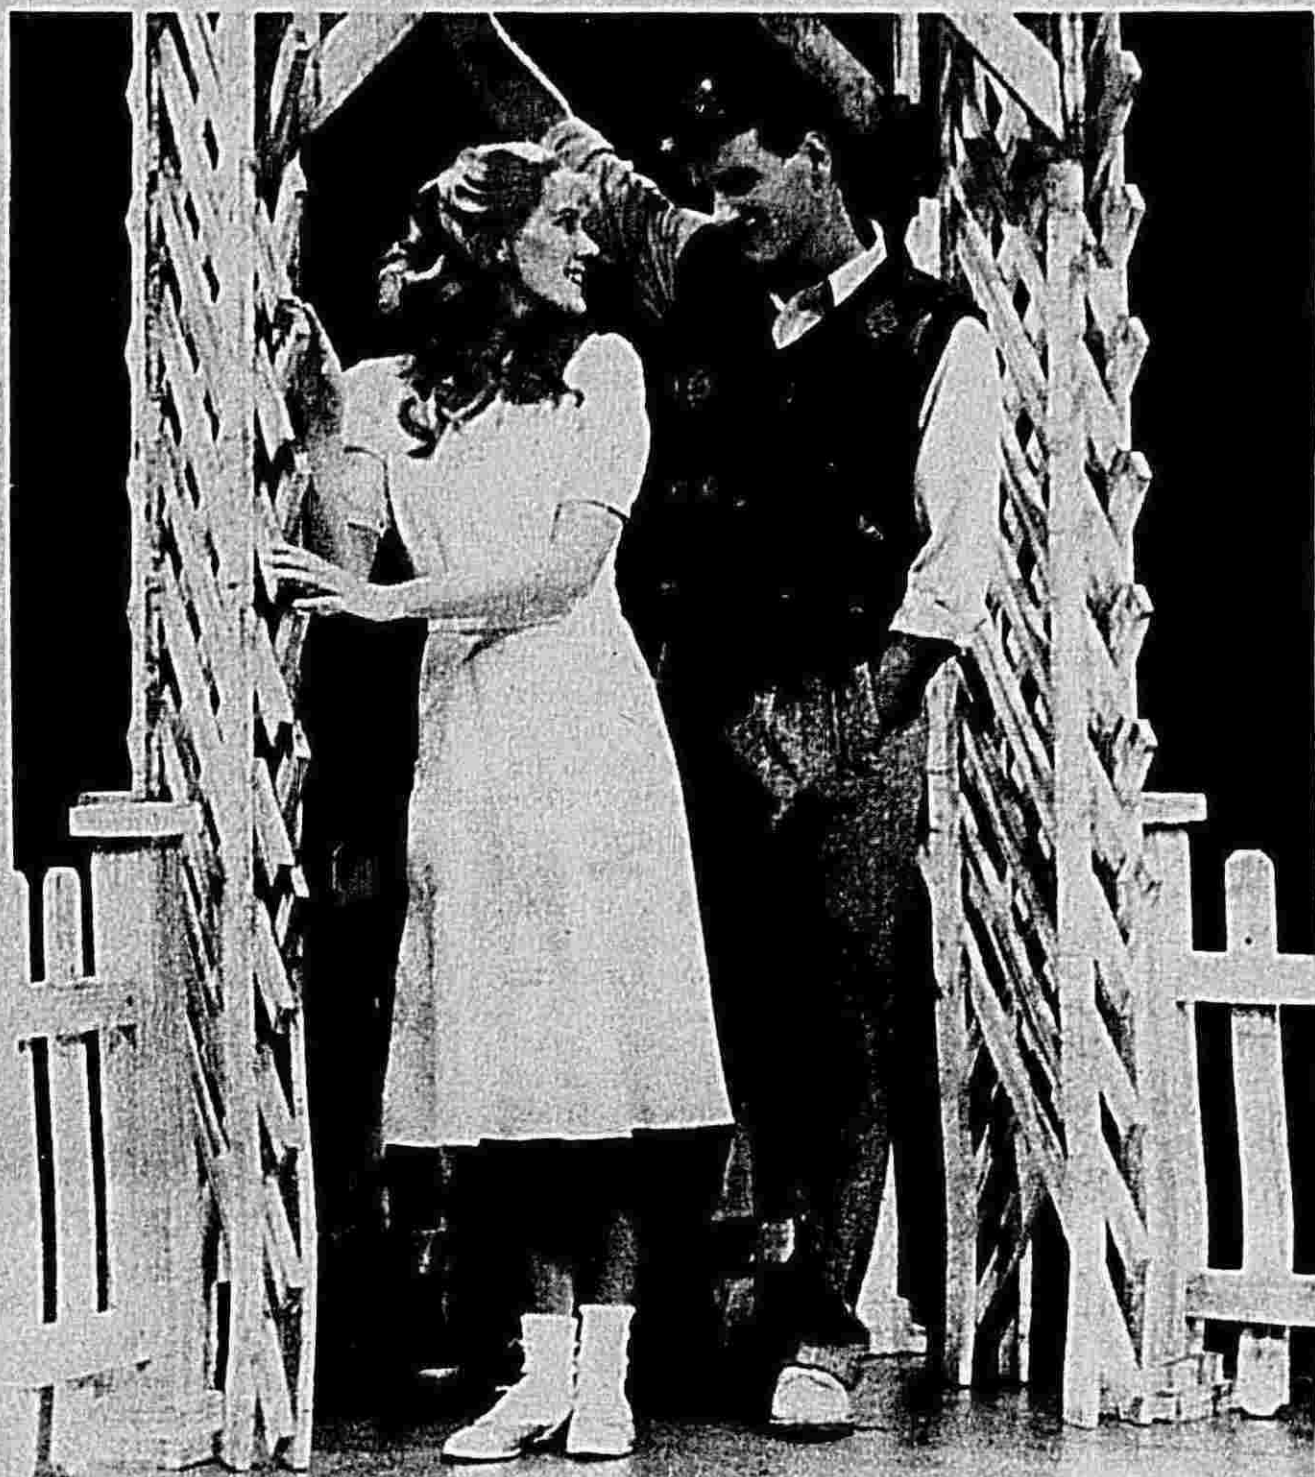

Peter Griggs and his public relations department did a bang-up jump in coordinating the press afterglow with Marriott's banquet room sprinkled with white gazebos housing delicacies labeled "Mrs. Jones' Apple Pie," etc., in the style of an old fashioned community picnic.

Colorful balloons, barbecued spareribs and chicken, bartenders wearing straw hats and garters on their sleeves and real beauty queens, Miss Illinois and Miss Black Illinois to name two, parading around, completed the scene.

The most interesting part of this whole production at Marriott is the premise under which it is being produced. This is the first joint production of the newly formed National Alliance of Musical Theater Producers.

Under this alliance, 60 theater and opera companies from all over the country, that are concerned about the future of the American musical, have joined to push the major goals of cooperating in the development, production and national distribution of original musical works.

Under this plan, "Grovers Corners" premier production will play at Marriott for 11 weeks and then move to 12 other theaters in the alliance before starting a national tour in the fall of 1988.

## Residents May Enjoy Lehman-Whitten's Music

Gurnee area residents may enjoy the music of Peg Lehman and Dave Whitten during Gurnee Days.

Their performance is scheduled for Aug. 7. The annual Gurnee Days celebration runs from Aug. 6-9.

Lehman is an experienced folk singer who has been performing throughout the Chicago area for the past 10 years at coffee houses, restaurants, schools, libraries, weddings, banquets and community events. She plays two Appalachian stringed instruments - the autoharp and mountain dulcimer - and occasionally old-time gospel songs. She especially enjoys getting her audience involved in singing. She has appeared at "The Safe" and "Mill Race Inn" restaurants in Geneva, "Morgan's Crossing" restaurant in Naperville and "The Inglenook Pantry"

restaurant in St. Charles since 1980.

Whitten is a guitarist and folk singer who has performed at Chicago area coffee houses and clubs. He appeared with folk singer Don Skelton at Heemans Auditorium in Elgin for two large benefit concerts. He was also part of a jugband and bluegrass group in Berkshire County, MA called "The Down Home Boys". He plays contemporary American folk music and enjoys finger picking ragtime and blues.

The duo have been collaborating and performing together since August, 1986. They have appeared at the Mast Coffee House in Woodstock, Durty Nellie's Pub in Palatine and Highland Ave. Coffee House in Elgin. On Oct. 26, 1986 they appeared together on "The Flea Market", a folk music radio show broadcast from Chicago's Old Town School of Music.

# Fox Lake Lions To Hold Benefit

by ANNA WIENKE  
(312) 587-7516

About 45 seniors from the Fox Lake Community Center boarded a bus from Prairie State to drive down to Potowaminee Park in St. Charles for lunch and a cruise on the river.

We were a happy group as we boarded the bus, and all of us stayed that way all the time we were gone.

When we arrived at the park, we enjoyed a delicious luncheon prepared by the caterer there. After lunch,

we boarded one of their boats and cruised down the river and back for about four miles.

A girl on the boat played the organ. We all sang songs, and some of us danced. The weather was beautiful also, and when we arrived back at the center, we were all tired but really did enjoy ourselves.

On Aug. 14 and 15, the Boy Scouts of Troop 85 will be having their Tag Day for Little City of Palatine. So when you see these young

people tagging that day in the Village of Fox Lake, please give them a donation. 132 in Fox Lake, beginning at 7 p.m. We are asking everyone

## The Fox Lake News

They are doing this for a good cause.

On Aug. 18, the Lions Club of Fox Lake is sponsoring a night of "everyone's favorite game" for the benefit of the new Fox Lake Community Center. It will be held at Maravella's, on Rtes. 59 and

who enjoys this game to come out that night and support the club. All money made will go to the Fox Lake Community Center.

Last Saturday afternoon, Ann Vokac entertained some of her friends from Lake Region Unit and Post

at a picnic at her home. The afternoon was just great, with the weather cooperating. We had a buffet lunch, which everyone enjoyed.

Those attending were Chuck and Lois Strand, Lowell and Ronnie Behnke,

Art and Ellen Bywell, Gene and Joyce Heir, Lee and Betty Taylor, Bart and Rose

Bartosek and their little grandson. Also attending were Tom and Elayne Ward,

Dorothea and Bob Jenkins, Roy Lucke and his sister, Ralph Buikema, Ed and Bernice Mosely, Anne Vokac and Anna Wienke.

We had a very nice afternoon, with good food and visiting.

I just want to say that I cannot keep my mind on writing this week as I have just lost my sister-in-law, Alice Svejda, and am having a hard time thinking these days.

## Letter To The Editor:

### Well Attended

Editor:

I would like to give a little update on the Community Center. Our lunches on Tuesdays and Thursdays are very well attended. We receive many compliments on the food served and all credit goes to Maravella's Catering Service.

Special attention is directed to the "Ladies of the Kitchen." We have an exceptional group who are serving. I will defy anyone to find a cleaner kitchen than we have at the center and it's all due to the unending efforts of Irene Dougherty of Leisure Village.

Irene is giving us all the benefits of her past experience as a home economics teacher. The ladies who work in the kitchen enjoy the camaraderie of a job well done.

I must also compliment the gentlemen who so willingly join this group when it comes to clean-up time to man the dishwasher.

The rotation system is working great. Another gentleman who deserves rosy compliments is the director of garbage.

We are still in need of

items which, hopefully, we will receive as donations: a four-drawer filing cabinet for the office; a glass display cabinet of a style which could be used to display our hand-crafted items, which will be for sale to supplement our cash fund.

Also, some cooking kettles for use in the kitchen, roasting pans, large and small; a roll of flannel-backed vinyl to use as protection for our new tables during our Share Food distribution program; money donation for a shelf unit over the utility table in the kitchen; a sensor light for displaying our American Flag during the night.

A lawn mower; lawn sprinklers; a water hose or two (we need more in order to care for our lawn in a more efficient manner).

Also a big "thank you" to many of you who have already donated many needed items, such as Second Federal Savings and Loan and the ladies who are supplying us with needed paper goods. Your support is terrific!

## Solve The New Tax Law Mysteries. Enroll In H&R Block's 1987 Tax Course!

Interested in learning which tax laws change and which will remain the same in 1987? Want to gain some tools for dealing more effectively with new rules and regulations?

Enroll in the H&R Block Income Tax Course. Learn how to cope with the tax law changes and use them to your advantage. Find out how you can save money on your taxes during 1987.

The 13-week basic course starts August 31st. You may choose from morning or evening classes at 2 area locations. Course work covers all aspects of tax preparation including the changes in tax laws affecting 1987 returns. Experienced Block instructors will teach tax law, theory, and applica-

tion. In addition, you receive hands-on experience in preparing individual returns.

Qualified course graduates may be offered job interviews for positions with Block. However, Block is under no obligation to offer employment nor are graduates under any obligation to accept employment with H&R Block.

One low fee includes all materials, supplies, and textbooks. Successful course graduates receive a Certificate of Achievement and 7.5 continuing education units. This course is approved by the Illinois State Board of Education.

Contact the H&R Block office at 629 W. Rollins Rd., Round Lake, 312-546-4862, or 123 N. Main St., Wauconda, 312-525-8877.

## Governor Targets State Budget Cuts

The process of bringing the state budget into balance began last week as Gov. James Thompson announced his first round of cuts in state spending.

According to Republican Caucus Chair Adeline Geo-Karis (R-Zion), Thompson indicated at the same time that layoffs of state workers would not be as extensive as the 3,000 firings he originally predicted. Without making any promises, the Governor also hinted that he may not close Menard State Prison in Chester, as he earlier proposed. However, Sen. Geo-Karis said, the Governor still believes \$390 million will need to be pared from the state budget.

The legislature's economic and fiscal commission has

argued that \$250 million in cuts would be sufficient to balance the budget, but that assumes that the state could delay repayment of a \$100 million loan and forego achieving a \$200 million minimum bank balance by the end of the fiscal year. The Governor's economic advisors have warned that those strategies could damage the state's credit rating.

Thompson cut about \$25 million from the budgets of two state agencies—the Depts. of Revenue and Public Aid. Most of the cuts were made in the operations budget of the two agencies. However, the Governor also reduced funding for local government tax increment financing (TIF) districts,

grants to county assessors, treasurers and recorders and Circuit Breaker grants for senior citizens and the handicapped.

The Circuit Breaker cuts will not eliminate any benefits, but it will take longer for senior citizens to receive checks for the tax relief grants.

Additional funding for programs for the homeless and for the Attorney General's prosecution of child support cases was also reduced; however, most welfare programs were not affected. That is because during the final days of the

legislative session, House Speaker Michael Madigan (D-Chicago) blocked the legislation needed to make public aid cuts.

The \$25 million taken out of the two agency budgets leaves approximately \$365 million to be cut during the coming weeks. The bulk of those cuts are expected to be in education funding because that is the largest single expenditure available in the budget.

Education and welfare spending each account for approximately one-third of the state's general funds budget.

### Council For Seniors

The Lake County Council for Seniors will meet from 9:30 to 11:30 a.m. on Thursday, Aug. 6, at Libertyville Twp. offices, 359 Merrill Ct. (just off Winchester Rd.) in Libertyville.

# Silent Heroes Emerge From Korean Conflict

by JOHN STEINKE

During the Korean War (1950-53), the death toll was estimated at 1,467,000 people, including 54,246 Americans. The World Almanac says 5,764,143 Americans served in the military during the Korean conflict. More than a million Americans, many still in their teens, fought and survived this police action. Most GIs never quite understood what this bewildering war was all about. But he fought well, and reached his own understanding of Korea by personal, painful, ugly experience.

For one thing, he learned about death. There was the first mound of corpses by the roadside, caked with dried blood, open mouths frozen in a scream. His sergeant would say, "Don't get shook up. They're just Koreans." Or there were muddy U.S. Army boots protruding awkwardly from under a blanket as a litter jeep bounced down the road from the front. Or in the rain, as he

climbed his first Korean hill, there was the glistening poncho stretched over the two marines sleeping near the trail. Then he realized that they were asleep forever.

Nevertheless, there were plenty of heroes before the armistice was signed in 1953. Not wanting to die the GI, newly on the line, took a while to discover what made a man risk death. But eventually, he understood why a medic threw himself between a wounded soldier and a grenade. He understood the private who abandoned the foxhole, but stood up throwing back Chinese hand grenades before they exploded. Then the private misjudged one, and laid sightless on the battlefield.

Those heroes sacrificed themselves, not to "halt aggression" or "fight Communism," but out of elemental loyalty to their outfit and to their buddies. All of them were comrades-in-arms. There were also men who went to pieces in the strain of battle. Panic-stricken

men "bugged out," or groveled in their foxholes, clawing at the earth. The average GI turned away and hoped that would not happen to him.

world of peace and plenty. The silent generation of Korean vets shouted no message. They argued about the military strategy of their police action. Should the

## Steinke On Politics

The GI was homesick the minute he hit Korea. Around the sputtering Coleman lanterns in the bunker, on the long, dusty truck rides that bruised his bones, he talked of "The Big R" (rotation) and "The Little R" (rest and rehabilitation leave in Japan). He knew to the day when he could expect to go home—"if too much stuff doesn't hit the fan and use up all the replacements," or if the brass didn't "push the panic button" and freeze rotation for a while.

He served his time and left Korea. His unit stayed on. The veterans of World War II went home by the hundreds of thousands in the ranks of their outfits, with a sense of accomplishment and a public recognition of

their achievements. These brave men and women had suffered and won the greatest war in the history of the world. The Korean veterans trickled back individually, without parades and public ceremonies. They had suffered for a tie in an unpopular war.

The returning veteran of 1945 was a person of hope. His enemy had been beaten. His objective—Tokyo or Berlin—had been conquered. He was ready for a brave new

United States have committed military forces to the defense of South Korea? Should the U.N. command have advanced to the Chinese border or stopped at the 38th parallel separating the two Koreas? Should we have adopted General Douglas MacArthur's strategy of escalating the war? Or should we have endorsed President Harry S. Truman's policy of waging a limited war to preserve our resources against potential Soviet aggression in western Europe?

Our GIs didn't pretend to know the answers to these questions. All that bound them together was their common understanding of the steep ridges, the stinking paddies, and the bloody battles with Communist forces. The badge of their fraternity was the fatalism by which they said, when things went wrong, "That's the way the ball bounces." They are the forgotten heroes of an undeclared war.

## Lake County Takes A Bow With 14 National Awards

Lake County has been honored by the National Assn. of Counties (NACo) for 14 of its governmental programs.

The county was named a 1987 Achievement Award winner in national competition by John Thomas, executive director of NACo. Awards are presented to counties which have developed or are conducting programs that enhance or expand services to citizens or that improve organizational management.

The County Achievement Awards will be presented at NACo's annual conference held in Indianapolis.

Five county agencies received the 14 awards. The Dept. of Court Services

captured awards for the electronic detention program, the Community Resources Liaison program, and for computerization of Juvenile Operations.

The Court Administrator's office was recognized for automation of the jury commission, while the County Museum was singled out for its Smith Nature Trail project. The Emergency Services and Disaster Agency won praise for the Emergency Preparedness Plan at work in Lake County.

The Health Dept. took top honors, with eight awards. Areas of excellence included the certified nursing assistant for long-term care program enhancement; CMI socialization group; the Community Work Placement program; the Health Appraisal program (HAPY); the mobile health clinic; senior services and

the Serious Wellness project; and the substance abuse program's methadone treatment services.

Lake County has won 116 achievement awards since 1973.

## THIS WEEK'S HOROSCOPE

BY SALOME

Weekly Tip: Keep emotions in check.

**Aries (Mar. 21-Apr. 19)** If you have something to discuss with an associate, do it now for best results. Your rapport with others is excellent now. Use it to your advantage.

**Taurus (Apr. 20-May 20)** Put some spice back in your life; do something totally outrageous! Establish a better accord with those you live with. Have a few friends into your home.

**Gemini (May 21-June 20)** You've been wanting to try some new activities for a while, and now is the time to do it. Your mate has a been wanting to spend some time with you.

**Cancer (June 21-July 20)** Be more concerned with your home, and make it more comfortable. If you are more cooperative with a co-worker, the benefits could be astounding.

**Leo (July 21-Aug. 22)** This is a good time to seek out the recreations you want. Try to help others gain their wishes. Don't underestimate the benefits gained from a great smile.

**Virgo (Aug. 23-Sept. 22)** Think things out thoroughly before taking any action. You are in fine working spirits now, so get your thoughts and ideas to the attention of bigwigs.

**Libra (Sept. 23-Oct. 22)** You've been planning a little trip, but postpone it for now; it's not in the stars. Make the time to be with those people you are most comfortable with.

**Scorpio (Oct. 23-Nov. 21)** Be on the lookout for a new face; this person could be quite important to you. Someone may be coaxing you into a shady deal, so proceed with caution.

**Sagittarius (Nov. 22-Dec. 21)** There's nothing wrong with making new friends, as long as you know where the old ones stand. Don't misplace your strong code of ethics.

**Capricorn (Dec. 22-Jan. 19)** Any decisions you come to now will be wise, provided you have thought them out. You have been neglecting those you care about, so correct this now.

**Aquarius (Jan. 20-Feb. 18)** Keep your poise when dealing with business associates. Things have been going well for you lately, but don't let that go to your head. Be wise.

**Pisces (Feb. 19-Mar. 20)** Keep your temper in check at all times. Try not to needle your mate about those pressing matters. Keep busy with your important business affairs.

If you were born this week, you most likely have that Leo tendency to be a bit too forceful. You would do well to realize this and teach yourself some self-control. Being of strong mind and body, your ambition is great. When the time comes, you should be able to rise to any occasion and handle matters with exceptional accuracy.

## BUILD YOUR CAREER AT QUILL: CUSTOMER COMMUNICATOR

Career growth is a consideration for all job candidates during their job search-finding an opportunity that provides satisfaction for the present AND develops skills which become invaluable at later points. At Quill, the nation's largest, and most successful catalogue office-supply firm (900 plus employees), such a position exists: Telephone Order Representative/Customer Communicator.

This position combines the very best of two rapidly growing fields-Customer Service and Computers. We place a premium on YOUR ability to pay careful attention to customer needs and to provide informed answers. As the company's direct link to our customers, you truly do figure strongly in our continued growth and success.

We'll provide thorough training on the CRT and in customer relations techniques. As you gain experience and skill you will have the opportunity for promotion to Customer Service, handling special customer inquiries and concerns, thus continuing and expanding your Communicator career. Most of our supervisors and leads started in this manner and we will continue to strongly support this development.

Successful representatives have come from a variety of related areas: Retail, Banking, Accounting, Production, Customer Service, Data Entry or those simply wanting to make an important change or get a great start on their career.

We can accommodate those seeking to work 20, 25, 30 or 40 hours per week. (30 and 40 carry FULL benefits; 20 and 25 partial).

When you add it all up: success, growth, stability, training, salary and benefits, it's QUILL. To find out more, please call: (312) 634-5794.
